TRANSPARENCY IN HEALTH CARE PRICES

The following list is for our most common health care services. Please check with our staff on cost estimation for additional services and if we are in-network with your insurance plan.

Charges billed for a visit are dependent on the patient's medical needs at the time of service. If you are covered by health insurance, you are encouraged to consult with your health insurer to determine your financial responsibility for health care services provided by Twin Peaks Dermatology, PC. If you are not covered by health insurance, you are encouraged to contact our office to discuss potential charges prior to receiving health care services, since posted health care prices may not reflect the actual amount of your financial responsibility.
